1949

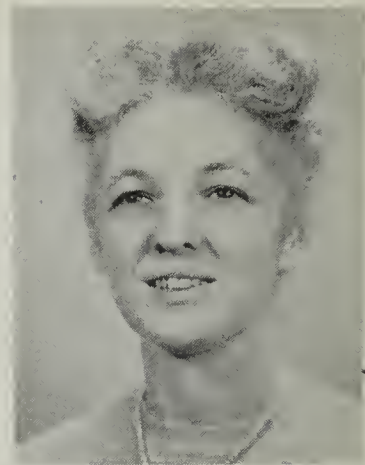

As the "hands" on a clock mark the eternal passing
of time,
so do the hands throughout this book
depict the growth of Character, Scholarship, Leadership
and Service, in the students of Falls Church High
School.

"No man can feel himself alone
The while he bravely stands
Between the best friends ever known
His two good, honest hands."

RCH HIGH SCHOOL
CHURCH, VIRGINIA

Dear Graduate of 1949:

There is the story of the man who decided to open a tailor shop because there were so many pressing problems that needed ironing. I salute you the tailors of America's future pressing problems.

If you worked for a high school diploma because it would make life easier, you are due for a rude awakening. You started life with simple problem solving equipment. Now you will be required to use finer thread and more intricate tools. You will be assigned to more pressing problems because you have the cultivated ability to iron them successfully.

We, the faculty of the school feel privileged to have had the opportunity to work with you. It is our hope that you may be a better citizen, because of your school experience.

Meet the future with a smile.

Grant your fellow man a hopeful place regardless of his status.

Make footsteps where others can walk without soiling themselves.

Sincerely yours,

Howard R. Richardson

In Memoriam

Although Delores McCarl only attended Falls Church High School during her sophomore year, she will always be remembered in the hearts of her many friends as a wonderful girl. She was known for her sense of humor in any situation. Even though not entering sports herself, she gained great pleasure from watching them, particularly the football games.

Delores was very fond of children and spent much of her extra time taking care of them. And so we honor this sweet girl for her abilities and fine traits as well as her lovely personal qualities which were known in the past and will be remembered forever by her friends.

Prophecy

January 7, 1960.

Dear Aggie,

Having just a grand time visiting here in Falls Church and learning all the latest gossip (you know original information). Heard Bob Kerr, remember he was quite the president of the senior class of '49, is running a dairy farm. He raises chickens on the side, you know the kind with three feathers.

Read in the latest edition of that new newspaper, "Starke Starke, Little Twink," edited so capably by Caroline Anderson, that Cornell and Teyman were staging a big debate against Cutright and Hargitt on which came first, the chicken or the egg.

I had my big toenail removed last week by the renowned brain surgeon, Dr. Robert Osborn. Ellen Tasker, who makes a very attractive nurse, came in and read Bill Hand's latest edition of "Buttered Pop Corn Jokes" to me. He's well on his way to fame.

Wasn't it wonderful that Dave Carmichael got it for President last election and wasn't it sweet of him to ask that Shirley Posey run as Vice-President? Wonder what'll claim the title of First Lady now? But after Dave's sixth divorce I should think he'd have had enough of married life. Do you remember Betty Shumate? I heard that she's employed now by President Carmichael as his personal secretary.

Well, I have to close now as Alton Beach, you know he's an aeronautical engineer, is taking me to the theatre tonight to see Jean Beyerly starring in "Nightmares in My Alley." The theatre has recently been air-conditioned by Earl Morris and with Freddy Beyer as manager, it should be a very delightful evening. Write me soon.

Love,

Your devoted Matilda

Prophecy Continued...

January 14, 1960.

Dear Matilde,

I was so glad to hear from you and to hear some more of the news about the graduates of '49.

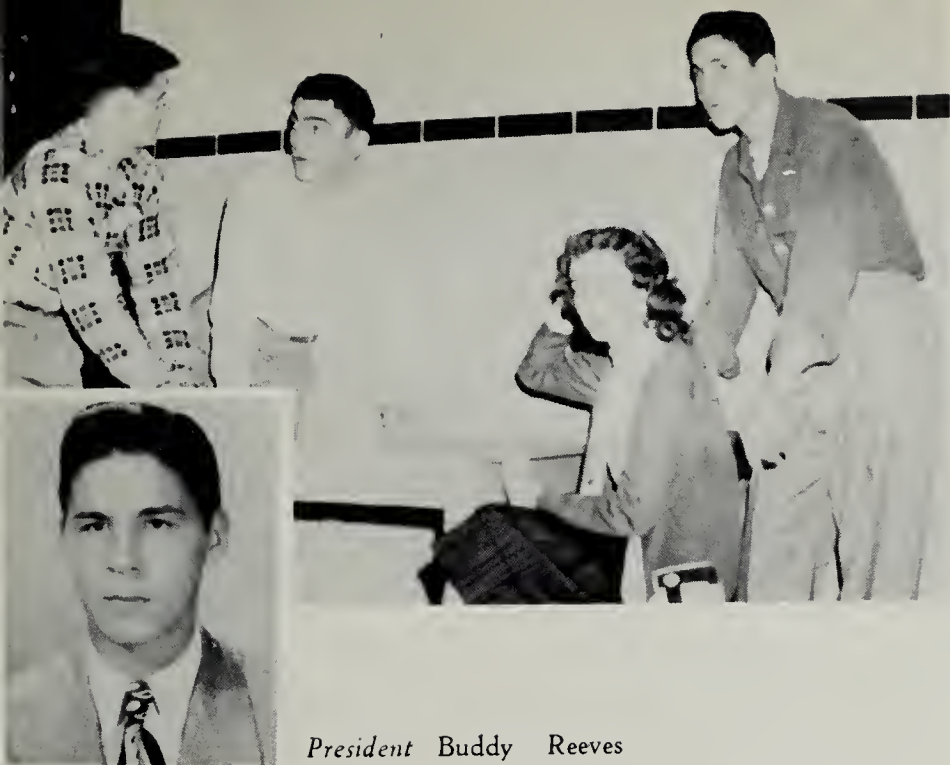

I am having an absolutely thrilling week in New York. Arrived here last Friday about 9:00 P.M. and by chance I met James Daniel, a very successful engineer. Jimmy insisted I go to Bucky Night's ovensky night club, the "Diamond Steepins." I nearly dropped my teeth when I heard their marvelous band which I discovered later was Bob Sarrell's "Living Stars." They're certainly improved quite a bit. The feature performance of the evening was Conrad Brundler with his mandolin. He's doing scientific research on the side, so I hear. Also, a main attraction of the evening was Ethel Messick and Bill Givault doing an extremely spectacular dance number. It seems that they picked up while touring the Belgian Congo. Something to the effect of Bongo, Bongo, Bongo. And equally excellent was Joseph Arnold's accompaniment at the piano. I was told these three had made quite a hit while touring in Africa.

It was a lovely evening, but I surely was tired out and glad to get home to my apartment which by chance was designed by the prominent architect, Philip Moore. However, I did manage to read Anne Harrison's delightful feature column in the New York Times and Jerry Lang's popular society and fashion columns in the Herald Tribune.

The next morning I went down on Fifth Avenue to a fashion show where many of Carol Heidenreich's latest creations were being modeled. Mary Alice Graves also had several of her Hollywood memories presented.

A collision occurred this afternoon and I was so surprised to find that the motorists were none other than James Bennett in his Good Humor truck and Eugene Sutton in one of the trucks of the business he owns now. About this time officer Donald Cockerell came around to haul them down to the station. So nice to see so many familiar faces!

Saturday I attended a concert with Kenneth Dove owner of a sheet-metal factory. Did you know that Penny-roofed Kerr's chicken coop last spring? Anyway at the concert Patsy Rees was the featured soprano vocalist (the critics speak very highly of her) and was accompanied by the renown pianist, Marcie Campbell. She sang "It's Tragic."

Prophecy Continued...

I went to bed exhausted that evening, too. However I did manage to awaken in time to get to the Riverside Baptist Church to hear Dr. Stanley Plaugher preach on the evils of drinking. There I saw Claude Burress, now an Army Colonel, Bill Clark who nurses trees or no, I believe he runs a tree nursery, and Robert Rosenberger, who has started the fad of wearing goatees again.

Later on I went to hear Melvin Steadman lecturing at Columbia University on the history of his great grandfather.

Really had quite a time here in the big city and I want to go to Indianapolis and see Marshall Atkinson in the world-famous races held there. Hope to see you soon.

Love
Aggie

February 18, 1960

My Dear Aggie,

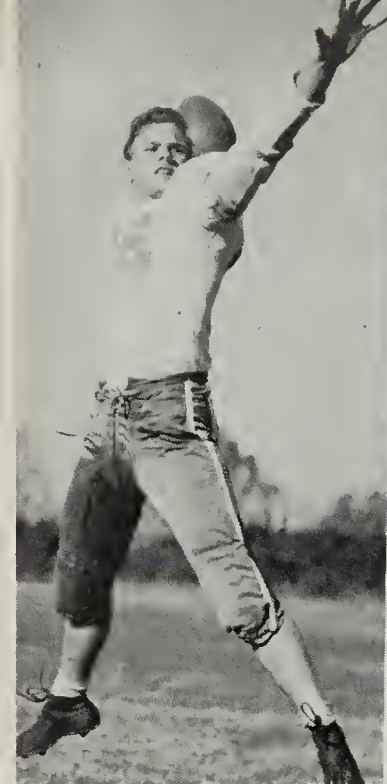

Just as I received your letter I heard the latest bulletin from the friendly press by Jack Akre, news analyst, that Dave Borgess, mechanical engineer, has perfected his superb "picks-up-everything magnet," which he wears on a chain around his

October 1—Falls Church 19. Manassas 12.

The Green & White gained their first win of the season, with Trumbo making the first tally. The other two touchdowns were made by Sarrett and Height, the latter, on an interception ran 30 yards to a touchdown.

October 11—Falls Church 7, Mount Vernon 39.

(PICTURED)

Falls Church received their only touchdown following a sixty yard drive with Trumbo, Loy, and W. Akre chalking up most of the yardage. Wayne Akre went off end for the tally, with Loy kicking a good conversion.

November 6—Falls Church O. Culpeper 14.

With bad weather conditions, Falls Church received a "drenching." Bad luck prevailed all through the game for F. C., and Culpeper used it to their advantage. Falls Church was unable to score.

November 12—Falls Church 25, Fairfax O.

(PICTURED)

Through the great line play of Akre, Wagner, Deveraux and Steel, F. C. received two touchdowns before the first half, Loy and Trumbo making the touchdowns. Loy later scored with another run, of 30 yards. The final score came as Wayne Okre went over for the tally in the final period.

November 20—Falls Church 13, Falmouth 34.

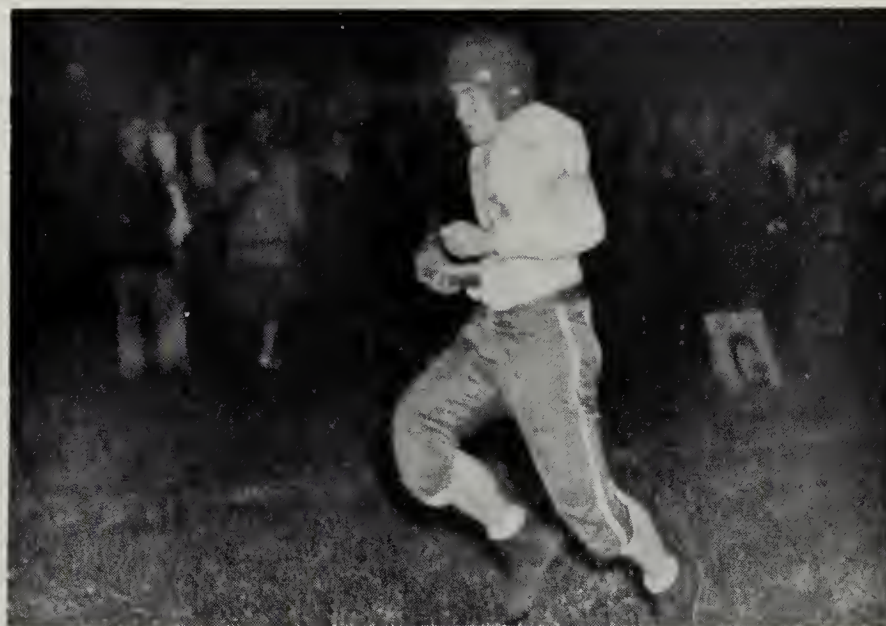

September 18—Falls Church 7, Handley 25.

(PICTURED)

Falls Church got off to a poor start, with Handley dominating play the first half. Leroy Cloud made the only touchdown of the game, followed by Dave Borges' good conversion.

September 24—Falls Church O. Fredricksburg 6.

Falls Church staged a good fight all through the game, not allowing the opposing team to score until the final minutes. Among those injured was Dave Carmichael who was not able to play for the rest of the season.

October 15—Falls Church 6, Devitt Prep 13.

(PICTURED)

Falls Church staged a good comeback to a much heavier Devitt team. Falls Church scored its only touchdown when Trumbo passed to Cloud who stepped out of bounds. From this point Loy went off tackle for the score.

October 22—Falls Church 7, Bethesda 26.

In the last period of the game through the blocking of Akre, Devereaux and Beyer, Falls Church advanced the ball to the Blue and Gold's 30. Loy passed to Reeves who went 25 yards to score.

October 28—Falls Church O, Lane 25.

While Lane capitalized the ball, Falls Church battled on much harder than in previous games, and with numerous handicaps Falls Church displayed a fine brand of football throughout the game.

neck. Also reported was that Senator James Lewis, Democrat, representing the Virgin Islands, is conducting a debate against Republican filibusterer, B. Thomas O'Bannon, over the question of whether co-Admirals Brown and Wagner have the right to pilot their ship, the U. S. S. Tugboat through the Virgin Island waters. O'Bannon seems to think they're there with an ulterior motive. What other news? — ok, remember Robert Mills and Peggy Mason? They're going to give a summary of their travels in Borneo tonight over Ann Gotthardt's original television show, the only one that has a blank screen.

I got a letter today from Jean Caldwell, who's head secretary to the Exchangeable False Teeth Company, headed by Lewis Lowe and LeRoy Packer. She said construction engineer Clayborne Worley, was making quite a name for himself with a new type bridge — the tooth kind of course. Paul Hughes, dental assistant says she finds the pontoon-like bridge very comfortable, particularly when chewing gum, which reminds me, have you tried the gum Earl Henderson has developed? If I didn't know him to be so reputable, I'd say it tasted fermented. He's had a lot of advertising done about it by Virginia Goodwin and Silvia Hummer, commercial artists. And did you know Pearson and Joy have their own exclusive art school now — in a building especially designed for them by Teddy Magisig.

I was talking with the former Alma Coker and Francis Jones this morning. What a coincidence — they each have two sets of twins. They were on their way, with Barbara Fusarini, a housewife also to pick them up from Audrey Lee's and Betty Galliker's "Sil Cienit" Nursery school. The school even employs its own nurses, namely Patricia Pidd and Joyce Williams, and a psychiatrist, Barbara Huff, who studies the "little ones." No wonder they're good!

While stopping this evening, who did I meet but the former Jean Williams, wife of a pro baseball player. We were both looking in Norman Morris' jewelry store. He had a very attractive window display. Just leaving was Robert

steel, diamond expert. Jean says he has quite a rare collection of them now; so many he even has two secretaries, Carolyn, Kate and Coda Harne, to keep record of them.

Robert Pennington has opened an exclusive beauty salon on Filberton Avenue, named after Irene by the F.B.I. for the distinct heroism in catching a mob of thugs.

I can't think of any more striking news.

Love,

your devoted Matilda.

February 28, 1960

Dear Matilda,

Indianapolis was so exciting. I saw oodles of old friends; for instance, Shirley Steadman, who's working as a secretary on Radio station WMMB. Also employed there is radio technician, Michael West, known for his high wave experiments, and Ann Hughes, charming telephone operator.

The second night there I went with Norman Bild, draftsman, and saw Steve Stricklin in a boxing match. On our way to congratulate him on his victory we met Ensign Ray Watt. He'd just received a medal for "better than usual" conduct. Afterwards at a little cafe we sat across from Lillian Morrison, president of the Women's Voting League. He'd been out flying that afternoon with Chris Turnbull, a skilled stunt aviator. And speaking of flying, remember Jean Yittle? She's going right up in the world as an airline hostess, as is Jerry Songacre, U.S. Army paratrooper. He's expected to come down shortly enough!

I awoke this morning burping violently so I hurried down to the doctor, who was none other than Pat Lawrence, famed dietician. She put me on a rigid diet which was explained thoroughly by petite Nurse McChukky. As the doctor recommended - take swimming lessons, I immediately enrolled at Mary Ann Morris's Women's Swimming School. Carolyn Glover was there assisting ably in the gymnastics department. Feeling very revived (?) I met the former Patie Turnbull and Carol Putnam for lunch. They attained their ambitions at last, by snagging a cadet and a naval officer respectively.

Prophecy Continued From Page 79

Patsy told me that she saw Colonel and Irene at a West Point class reunion recently and that he looks fine.

Turning over with excitement, Carol said that Lowell Davis, a notorious millionaire, was financing his brother's fine wild expeditions as a paintbrush into the Belgian Congo. Thanks to Lowell's millions, they have many private servants, namely, Cane Kibbe and Phil the paint, who become a credit for working with these animal women.

Bidding them farewell, I went to an afternoon tea at the lovely home of Wanda McEuffe, where she and Peggy Goode were hostesses. The tea was given in honor of John Hunt and Charles Walker, who had just completed their supersonic flight to Mars. There to take their pictures were representatives of the Rothery and Silver Studios. We hear they really seek high school students for year book pictures.

Members of many social ranking groups were present, among them Betty Higer, journalist of the international press.

CHEMISTRY 1 AND 2

Subject: Man

Symbol: MA

Chemical and Physical Properties:

Man is what a woman marries. Men have two feet, two hands and sometimes, two wives, but never more than one collar button or one idea at a time.

It is a psychological marvel that a soft, fluffy, tender, violet-scented woman should enjoy kissing a big, awkward, stubby-chinned, tobacco and bay-rum scented thing like man.

If you flatter a man it frightens him to death, and if you don't you bore him to death! If you are the clinging vine type, he doubts whether you have a brain. If you are the modern type, he doubts whether you have a heart. If you are popular with other men, he is jealous and if you are not, he hesitates to marry a wallflower.

Evelyn Neff, president of the P.H.A. (present Homemakers of America) and Dorothy Waller, secretary to a well established printing firm.

Later I left the tea with Barbara Gibson, head typist for William Robertson's School of Sculpturing. She said his latest creation is a miniature figurine of the famed model, June Tripplett.

Being rather tired, I returned to my hotel and retired to read the first edition of Patsy Eller's book, "Hof Sealek on the Keys", written about Ellen DeHoot, world renowned pianist.

Oh, tell me, is Jan Piggott still accused of running the Pony Express to Jewinsville? The last I heard she was editing a fashion magazine and Martha Moore and Judy Carhart were working as secretaries. Do write again.

Love,
Aggie
